

Call for Papers

Special issue on **Variable Neighborhood Search**

At the occasion of the 4th International Conference on Variable Neighborhood Search (VNS'16), which was held in Málaga, Spain, October 3-5, 2016 the *Yugoslav Journal of Operations Research (YUJOR)* invites submissions of original papers to a special issue on methodological or applied aspects of Variable Neighborhood Search.

YUJOR is abstracted and indexed in: International Abstracts in Operations Research, Mathematical Reviews, Zentralblatt für Mathematik and Referativnyi Zhurnal, EBSCO, and Scopus.

Authors who attended VNS'16 conference are strongly encouraged to submit their manuscripts. However, this call for papers is also open to the entire academic community and the deadline for submission is March 31, 2017. Each manuscript will be peer-reviewed with the same standards as leading international journals.

Prospective authors should follow the manuscript format described at the journal site (<http://yujor.fon.bg.ac.rs/index.php/yujor>). Papers that do not comply with these guidelines will not be considered for publication. Authors should submit their manuscripts using the submission site <http://yujor.fon.bg.ac.rs/index.php/yujor/about/submissions>, indicating the title of the special issue in the cover letter.
